Ladies and Gentlemen,

The United States Cyber Command issued guidance in February 2012 that mandated all common access cards with RSA 1024 bit key certificates be replaced no later than 1 October 2012.

After 1 October 2012, if your card does not have the wording "Oberthur ID One 128 v5.5 Dual" OR "Gemalto TOPDLGX4 144" in laser engraving above the magnetic strip on the back, the card WILL be inoperable.
After 1 October 2012, ONLY the two card types noted above are valid.

CAC holders requiring new cards should contact the DHR ID Card section in Darling Hall at 706-791-1930 or their web site:

https://rapids-appointments.dmdc.osd.mil/appointment/building.aspx?BuildingId=407

To schedule an appointment prior to 1 October 2012.

POC is Mr. Reisinger, ID Card Chief 706-791-1927.
